

Specification of Eco Solvent Digital Printer machine

S.N	Parameters	Specification	Remarks
1	Uses	For medal ribbon cloth eco solvent print	
2	Type	Inkjet Printer	
3	Plate Type	Digital	
4	Print width	Minimum 1000 mm	
5	Maximum print Thickness	Minimum 5mm	
6	Printing Resolution	Minimum 1440 dpi	
7	Printing speed	Minimum 12 sq. m/h	
8	Colour	Multicolour	
9	Ink Type	Eco Solvent Ink	
10	Automation grade	Automatic	
11	Drying	Fan and infrared heater or better	
12	Working Media	Atleast Film, Flex Banner, Ceiling paper, Silk sateen fabric	
13	Colour of ink	C,M,Y,K,LC,LM	
14	Three heating sections	3 Stage heating heater for pre-heater, printing bet heater, rear heater	
15	Print interface	USB 3.0	
16	RIP Software	Maintop standard	
17	Control Software	Print Console	
18	Operation System	Windows 7/8/10	
19	Input Power	Single phase,AC-220V/50Hz	
20	Features	Fabric must be printed directly as per design	
		Machine operate automatically by power	
		Automatic stop motion, warning light indicator with sensor for every error occurred	
21	Accessories	Catalogue and product manual should be included	
22	Standard	ISO or Equivalent	
23	Warranty	Minimum 1 year/provided by OEM whichever is greater
